Laundry Chemical Program

DAMON

**More than just
chemicals...
We provide solutions!**

Why Damon's Laundry Program?

- Maximize efficiency- achieve a reduction in overall costs
- Training- better worker safety, efficiency, and productivity
- Consulting- meet federal/state/local legal requirements
- Proactive service- prevent down time and minimize repair costs
- One complete service provider- better pricing and service quality
- Provide a maximum return on investment of linen and equipment
- A firm base of knowledge and laundry expertise = your optimal laundry solution

Laundry Program Overview

Damon's Laundry Programs are designed to provide you with an efficient, cost effective, and reliable solution to laundry treatment. With our service, you receive expert advice and quality products to meet your specific needs. This combination of established knowledge and advanced chemicals, along with Damon's friendly and dedicated service, makes the Damon Laundry Service Program the perfect solution to your laundry needs.

Damon Laundry Programs Provide:

- Sanitization of contaminated linen
- Elimination of industrial soiling
- Elimination of dirt and everyday soiling
- Water system regulation
- Waste water management

Damon Laundry Program Features:

- Evaluate your needs individually to determine your unique solution
- Provide required products for laundry and water management
- Provide testing and required solutions to achieve results
- Provide personnel training for: personal safety, federal/legal guidelines and requirements, laundry treatment, chemical use and handling

Customization Options:

Damon can customize a program to meet your needs, based upon a proper balance of the 5 critical laundry quality attributes.

- Control chemical strength and products
- Ensure wash water quality
- Maintain optimal water temperature
- Determine programming for wash cycle
- Regulate mechanical action

The proper balance of these qualities provides you with the lowest possible overall cost, with the greatest efficiency and flexibility. Damon's laundry expertise guarantees you achieve that ideal balance.

Critical Laundry Quality Attributes
