

SPECIALTY CLEANING CHEMICALS

BASEBOARD CLEANER, SSS – A heavy duty cleaner for floors, baseboards, ceramic tile, walls and other hard to reach areas. Quickly removes wax build-ups from corners and areas your floor machine can't reach. Clings to vertical surfaces without dripping. Packaged 12 - 22 oz. aerosols per case.

CENSOR VANDALISM MARK REMOVER, SSS – Effectively removes marks made by ball point pens, lipstick, crayon, and felt tip markers. Can be used on practically all hard surfaces. Packaged 12 - 17 oz. aerosol cans per case.

CHALKBOARD CLEANER, SSS – A specially formulated non-oily cleaner that cleans and brightens without harming slate or composition boards. Reduces eye strain. Packaged 12 - 19 oz. aerosols per case.

CLEANSER, SSS – An institutional formula scouring powder with chlorine bleach. Removes stubborn stains and sanitizes as it cleans. Packaged 24 - 21 oz. shaker cans per case.

D-100 - A multi-purpose powder synthetic detergent. A very economical cleaner for any washable surface. Has a mild natural pine fragrance. Packaged 100 lb. kegs.

OFF PLUS CREAM CLEANSER – A cream cleanser with a very fine abrasive that will not scratch sinks, metals, or porcelain. A silicone polymer provides lasting gloss and protects surfaces so they wipe clean easier. OFF also contains a sanitizing agent to reduce odors caused by germs. Packaged 12 quart squeeze bottles per case.

METAL SOAP ABSORBENT, DACO® – This truly unique cleaner is designed to be perfect for one purpose, removing soap films, but its uses are limitless. It cleans soap dishes, sinks, bathtub rings, shower walls, anything with soap buildups. Great for cleaning deep into marble floors or walls to restore their original look. Remove that white residue of ice melter from hard floors and carpets. In hospitals use it to clean conductive floors with no detergent film left. After stripping a floor, use it to remove stripper residue so your floor finish will last longer and stay brighter. Packaged 4 – 1 gallon per case.

ONE-STEP SHOWER CLEANER, DACO® – A concentrated product that dissolves soap scum, corrosion build up, and hard water deposits. Cleans and disinfects in one step. Effective against mold and mildew on hard non-porous surfaces. Excellent as a bathroom cleaner for fixtures and tile. Packaged 4 – 1 gallon per case.

SHOWER CLEANER, DACO® – An acid based, high foaming cleaner for removing hard water mineral deposits, soap film, iron stains, and mildew. May be used from 4:1 dilution to full strength for extreme deposits. Apply with brush, sprayer or foamer. Packaged 4 – 1 gallon per case.

SLUFF® II– A foaming spray and wipe aerosol cleaner and germicide. Its ammoniated clinging foam cleans up grease and grime quickly, No rinsing is required. Saves time because no buckets or other equipment are needed. Disinfects and deodorizes as it cleans leaving a fresh fragrance. Packaged 12 – 20 oz. cans per case.
