

# DRAIN CLEANERS & OPENERS

**SSS DRAIN MAINTAINER 1** – An industrial strength acid base, liquid drain opener. Quickly dissolves almost anything that plugs a drain except plastics. Heavy liquid pours through water to get to where the clog is. Packed 12 quarts per case.

**SSS DRAIN MAINTAINER 2** – A powerful highly concentrated, ready to use alkaline drain opener and maintainer. May be used to clean clogged drains of organic matter, hair, paper, grease, and oils. Packed 12 quarts per case.

**LIQUID BACOGEN** – The highly concentrated bacterial compound that digests and liquefies organic wastes the way nature does. Contains no acids, caustics or solvents. An easy to use liquid for preventative and corrective maintenance of drains, sewers, septic tanks, sumps and drain fields. Contains no enzymes so it may be used in grease traps. Also contains a deodorant. Packed 12 quarts per case, 5 gallon pails, and 55 gallon drums.

**S.P.D.<sup>®</sup>** – A powerful flake drain opener with a coating that protects skin and clothing. S.P.D. is activated by water to dissolve hair, paper and other organic matter. Excellent for grease traps because it converts fats and grease to a liquid soap. S.P.D. liberates no noxious or dangerous gasses. Not recommended for PVC pipes due to the heat generated. Packed 12 - 30 ounce cans per case, and in 100 pound kegs.

**GRE-SOL** – A lift station and grease trap maintainer. Gre-Sol is derived from citrus by-products and contains no harsh solvents or chemicals. Superior solvency compared to petroleum based solvents. The natural citrus fragrance masks grease trap odors. A natural, non-polluting, biodegradable solution to grease problems. Will not harm PVC pipes. Packed 4 gallons per case, 5 gallon pails, and 55 gallon drums.

**ZYMOGEN<sup>®</sup> II** – The highly concentrated bacterial and enzyme compound that digests and liquefies organic wastes the way nature does. Contains no acids, caustics or solvents. Zymogen is a safe, dry granular product for preventative and corrective maintenance of drains, sewers, septic tanks, sumps, drain fields and sewage plants. Not for use in grease traps. Packed 6 - 1¼ pound cans per case.

## AUTOMATED DRAIN SYSTEMS

### AUTODOSE MODELS 1065, 1085, SP1880

It's much easier to keep a drain open than to fix a clog. Easier on your plumbing and easier on your budget. The flexible program of the AUTODOSE allows you to accurately dose drains with the treatment product of your choice, at the appropriate times.

**#1065** - With viton tubing, can be used with Gre-Sol and Liquid Bacogen. Uses lantern batteries.

**#1085** - With viton tubing, can be used with Gre-Sol and Liquid Bacogen. Uses "D" cell batteries.

**SP1880** - With Norprene tubing, can be used with Liquid Bacogen. Not to be used with Gre-Sol. Uses "D" cell batteries

**SP 1880**
