

# DAMON INDUSTRIES, INC.

Over 60 years of providing customers with Quality, Versatility, Technology and Training in an ever-changing market.

Our company is divided into several divisions so that we can serve each customer segment in the best possible way. The account managers and their management are trained in the specific needs of the businesses they serve.

**Industrial, Commercial & Institutional (I.C.I.) Division**

**Fast Food Division**

**Grocery Division  
Radiator Division**

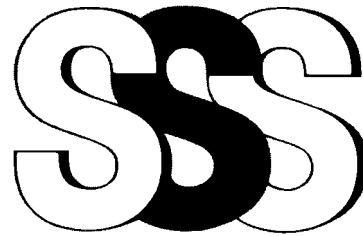

In addition we have created a number of specialist positions to provide unique technical or specialty support to all divisions. These people each have separate training in their area of specialty.

**Water Treatment Specialists  
Health Care Specialists  
Food Safety and H.A.C.C.P. Specialists**

**Laundry and Ware Washing Specialists  
O.S.H.A. Training & Consulting Specialists**

**Accutrack** – We also offer our own unique program for training and tracking results of house-keeping and custodial personnel. Complete on-site training programs and train-the-trainer programs are available.

**Custodial Solutions** – We are also an authorized distributor and trainer for this comprehensive software package for keeping track of people, skills, schedules and maximizing productivity while minimizing FTEs.
